The Bisons lost their opening football game Saturday by a score of 15-13. Going ahead, 15-6, in the second quarter, Montgomery College recovered a Gallaudet fumble on the five yard line and scored the winning touchdown.

The Bisons did score again in the second half but were unable to capture the lead.

The Soccer team also lost their game on Saturday with Washington College by a score of 5-0.

#### OPEN SPACE AT KDES

With the opening of the fall session at Kendall, experimentation began with open space classrooms for a portion of Kendall's primary department.

Students were randomly picked to participate in the open space classroom, which was constructed this summer. The concept is much like the one-room school house arrangement, but it utilizes modern teaching techniques, theories, and materials.

Seven Kendall teachers are working in the open space program and will have greater flexibility teaching as a team.

This type of environment, according to Annette Baker, coordinator of Parent Education, "encourages independence, permits each child to work at his own pace, develops responsibility, improves the ability of children to make decisions, and involves them in the decision making process."

#### NEED SOME INEXPENSIVE FURNITURE???

A sale of surplus College property is now going on. The property consists mainly of beds, chairs, desks, tables, chests of drawers, and a few other odd pieces. The materials may be examined by contacting Paul Smail in the Old Gym at extension 0324, from 8:00 a.m. to 4:30 p.m. Offers to buy any of this material must be filed in the Purchasing Office no later than October 3.
